

# PARTNER PROFILE

The South Central Cancer Resource (SCCR) is a local community based, non-profit organization whose mission is to provide support, information, resources and education regarding cancer, cancer prevention and screening to individuals living in the service area. Services are provided from Emerson and Letellier in the east to Cartwright in the west to RM of Dufferin to the north to the Canada US border to the South.

SCCR offers a Lymphedema Support Program that provides assistance for transportation for lymphedema massage and they may assist with compression garments and the cost of massage.

Please read more about SCCR's efforts on their website at <https://sccr.mb.ca>

LAM is very appreciative of the work of the SCCR, and especially for their support of individuals with lymphedema. Thank you to the South Central Cancer Resource!
